Copy of letter by Mayor to Chief Kelly.
 P. S. Kelly, Chief of Police July 27th 1920
 Dear Chief:

Confirming conversation regarding the muffler cut-out nuisance which has become intolerable, you will please instruct patrolmen to report all violations and bring the cases promptly before the City Judge who can be depended upon to impose fines heavy enough to put a stop to the practice. We have accomplished nothing by warning offenders as was the case with disregard of traffic regulations in the business section and as in that case it is evident that we must make an example of violators of the law in order to secure respect for it.

The use of muffler cut-outs is prohibited in this state but the law is shockingly disregarded. Life under modern conditions is noisy enough. Our highways, even our residential streets have become through routes for transportation of heavy freight. It is next to impossible nowadays to find a quiet place in which to live unless one takes to the woods. As officials we owe it to a long suffering public to abate as far as possible this modern strain on the human nervous system.

The chief offenders are the drivers of trucks and motorcyclists. But not infrequently we note passenger car operators indulging their appetites for noisy demonstration. They do it with a smart flourish. Some people are unable to enjoy life in public unless noisy and offensive. It is a form of amusement for them. But it is also bad manners, which it is our business to correct. We are constituted parents in this matter and clothed by law with parental authority. You will therefore please proceed to exercise it to the limit. Disregard of this particular law is absolutely without excuse.

Yours truly
 (Signed) Lighton Calkins

De Wundon called up at four p.m. stating that Joseph Marton age 16 years old of 317 1/2 Cottage Place came to his office and said he was riding his bicycle down seventh at Plainfield and when an automobile struck him from the rear knocking him from his bicycle cutting his tongue quite badly. Wundon sent the boy to the hospital I sent Officer French to the neighborhood to investigate. He reported that most of the people were sitting on their porch between Liberty and Irving Place also between fifth and eighth street none of them witnessed any accident I also called up the hospital and they told me the boy did not come there. I sent Officer French to his home and he saw the boy he told French that while riding his bicycle on Plainfield on near the city line an automobile knocked him from his wheel. I don't believe the boy's story as it has he was injured.

March 25th. 1921.

The Inspector in Charge

Philadelphia, Pa.

On the 24th. inst. my attention was called to and I made investigation relative to the alleged wrong payment of money order 460969. issued at Plainfield, N.J. Feb. 25th. 1921 amount \$23.10, Fred Kinney 662 South 2nd St. Plainfield, N.J. remitter and F. W. Snover 375 Mulberry St. Newark, N.J. payee. The order purported to have been indorsed by the payee and was deposited in the First National Bank, Belleville, N.J. by D. Sutphen, proprietor Woodside Vulcanizing Co. 260 Washington Ave Newark

I interviewed Mr. Snover who stated that Mrs. Snover had made a real estate loan to the remitter which he was paying off in monthly installments and for convenience and a matter of record was given an altered building and loan pass book of an association of which Mr. Snover is secretary in which to make a record of payments, that the remitter was a negro but that he (Mr. Snover) did not know him personally.

Mr. Sutphen stated that he cashed the order for a man he described as follows: Mulatto, Height 5 ft. 8 in. Weight 150 lbs. Smooth shaven and medium built

Mr. Sutphen informed me that he cashed the order between 5 and 6 P.M. on the 2nd or 3rd. inst. for a man who bought a 30x3 1/2 Goodrich safety tread tire which could be used on a Ford, Maxwell. Dort and other cars. The man did not drive up to Mr. Sutphen place of business but said he had a puncture of one of his tires and had left the car about two blocks down the street so that he did not see the car if the man had one as represented. The money order was taken from an envelope which he thought was addressed with pen and ink but he did not look at the address or notice the postmark.

I collected \$23.10 from Mr. Sutphen and immediately paid the same to Mr. Snover who had previously made the usual affidavit relative to Form 6843 the original of which is enclosed herewith. Duplicate of Form 6843 and original Form 563 have been forwarded under separate cover to the Chief Inspector Duplicate of Form 553 is also submitted.

The payee of the money order in question informed me that he recently made application for two duplicate money orders the originals of which had been issued at Plainfield and Case 74777 recently referred to me relates to the alleged wrong payment of money order 458440 William Freeman, remitter issued at Plainfield on the 2nd. inst. amount \$3.00 payable to Menter Co Newark N.J. in which the name of the payee was changed to read Menter L. Collins and cashed by Pangborn & Stevens who deposited the order in the Federal Trust Co. to whom the amount of the order was paid by the postmaster at Newark on the 10th. ult.

I this day interviewed the remitter of the order who stated that he is a former slave and thought he was about 67 years of age that he was employed at the Pond Tool Works of Plainfield that the money order was purchased by his wife who mailed the pass book and the money order in a self addressed printed envelope of which he had been supplied by Mr. Snover but that the latter claimed he did not receive the latter of the pass book, that he did not know any colored man of the description given by Mr. Sutphen and that he could only write to a very limited extent and usually signed his name by making a mark and that he did not own and was unable to operate an automobile.

A carbon copy of this report will be mailed to Inspector C. A. Larabee who resides in Plainfield, N.J. for his information. I recommend that case be jacketed and closed and that I be furnished with the number thereof for completion of my official diary.

C. E. Entemann, Post Office Inspector.
